Spring 2022

DESIGNED FOR FRESHMAN AND SOPHOMORES

NO PREREQUISITES

Fridays, 10-11:50AM

CRN: 59570

2 CREDITS

## LEAD 407: LEADERSHIP LAUNCH

### *Free Course Materials*

You will receive a free book, workbook, and access to take the Leadership Practices Inventory.

### *Industry Mentors*

In small groups, you will be paired with a mentor from the agriculture, food, and natural resource industry. Groups will meet with their mentors during class three times throughout the term to glean their wisdom and gain perspective about life beyond college.

### *Connections to Campus*

Throughout the term, you'll be introduced to various programs, organizations, and people on campus who are creating change, leading with purpose, and making a positive difference in the lives of others.

## *What is Leadership Launch?*

During this two credit introductory leadership class, students will be equipped to launch their leadership during college and beyond. We will discover the five key practices of exemplary leadership, engage with leaders across campus, and connect with mentors from various fields in the agriculture, food, and natural resource industry. Each week, students will learn about themselves, identify their goals for leadership and life, and make meaningful connections with peers, faculty, industry partners, and others across the university.
